Totals to date

It is intended to continue to support the Metropolitan Masonic Charity in aid of Cancer and assist with the purchase of much needed "Cyber Knife" machine.

The Friendship from Service Golf Society in Cyprus with guests "Brokeback & Ridgeback"

And a few more friends we met on our trip! "**Hooley Bucket**"! This was more of a cultural vacation not as it might seem from the picture above. Ridgeback and Brokeback ails Bowden Parvin took a shine to the local views, they found that that both had a passion for Scotch Eggs liked walking in the gorges and studying nature close up!

While skipper Harry concentrated on the finer details of the tour and getting young Andy Fletcher to understand the rules and etiquette associated with this gentlemen's game. The rest of us just played golf and enjoyed the break from work.

Andy will one day get his own back!!! His sign language has improved .
